AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of the Corporation of the Township of North Dundas

We have audited the consolidated statement of financial position of the Corporation of the Township of North Dundas as at December 31, 2008 and the consolidated statements of financial activities and changes in financial position for the year then ended. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Township of North Dundas as at December 31, 2008 and the results of its operations and changes in its financial position for the year then ended in accordance with Canadian generally accepted accounting principles.

CORPORATION OF THE TOWNSHIP OF NORTH DUNDAS

Notes to Consolidated Financial Statements

Year ended December 31, 2008

1. Significant accounting policies:

The consolidated financial statements of the Corporation of the Township of North Dundas (the "Township") are the representation of management prepared in accordance with Canadian generally accepted accounting principles prescribed for local government as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Significant aspects of the accounting policies adopted by the Township are as follows:

(a) Basis of consolidation:

(i) Consolidated entities:

These consolidated statements reflect the assets, liabilities, revenues, expenditures and fund balances of the revenue fund, capital fund, reserve funds and reserves of the reporting entity. The reporting entity is comprised of all organizations, committees and local boards accountable for the administration of their financial affairs and resources to the Township and which are owned or controlled by the Township. Interdepartmental and inter-organizational transactions and balances between these organizations are eliminated.

(ii) Non-consolidated entities:

There are no non-consolidated entities.

(iii) Accounting for County and school board transactions:

The taxation, other revenues, expenditures, assets and liabilities with respect to the operations of the school boards and the United Counties of Stormont, Dundas and Glengarry are not reflected in the municipal fund balances of these consolidated financial statements.

(iv) Trust funds and their related operations administered by the Township are not consolidated, but are reported separately on the "Trust Funds Statement of Continuity and Statement of Financial Position".

(b) Basis of accounting:

Revenue and expenditures are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

The consolidated statement of financial position reflects all of the financial assets and liabilities of the municipality. Financial assets are those assets which could provide resources to discharge existing liabilities or finance future operations. Municipal position represents the financial position of the municipality, and is the difference between its assets and liabilities. This provides information about the municipality's overall future revenue requirements and its ability to finance activities and meet its obligations.

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2008

1. Significant accounting policies (continued):

(b) Basis of accounting (continued):

(i) Capital assets:

The historical cost and accumulated amortization of capital assets are not reported for municipal purposes. Capital assets are reported as an expenditure on the "Consolidated Statement of Financial Activities" in the year of acquisition.

(ii) Workplace Safety and Insurance Board ("WSIB") obligations:

The Township bears the cost of certain insurance and pension benefits awarded under workplace safety and insurance legislation and accrues an estimate of the future cost of these obligations based on amounts actuarially determined by WSIB.

Actuarial gains or losses arising from changes in the annual estimate are recognized immediately in the year that they arise.

(iii) Landfill closure and post-closure liabilities:

The Township accrues landfill closure and post-closure care requirements that have been defined in accordance with industry standards and include final covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over a forty-five year period using the best information available to management.

Future events may result in significant changes to the estimated total expenditures, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

(iv) The charges for long-term liabilities assumed by individuals in the case of the drainage and shoreline property assistance loans are not reflected in the financial statements.

(c) Long-term investments:

Long-term investments are recorded at cost plus accrued interest, which approximates market value. If the market value of investments becomes lower than cost and this decline in value is considered to be other than temporary, the investments are written down to market value.

(d) Deferred revenues – obligatory reserve funds:

The Township receives restricted contributions under the authority of provincial and federal legislation and Township by-laws. These funds by their nature are restricted in their use and until applied to applicable costs are recorded as deferred revenue. Amounts applied to qualifying expenditures are recorded as revenue in the fiscal period they are expended.

CORPORATION OF THE TOWNSHIP OF NORTH DUNDAS

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2008

1. Significant accounting policies (continued):

(e) Amounts to be recovered:

Amounts to be recovered are comprised of municipal debt, accrued interest on municipal debt, landfill closure and post-closure liabilities and Workplace Safety and Insurance Board future benefit obligations.

(f) Deferred revenue:

The Township receives contributions pursuant to legislation, regulations or agreement that may only be used for certain programs or in the completion of specific work. In addition, certain user charges and fees are collected for which the related services have yet to be performed. These amounts are recognized as revenue in the fiscal year the related expenditures are incurred or services performed.

(g) Reserves:

Certain amounts, as approved by the Town Council, are set aside in reserves for future operating and capital purposes. Transfers to and/or from reserves are an adjustment to the appropriate fund balance.

(h) Financial instruments:

Unless otherwise noted, it is management's opinion that the Township is not exposed to significant interest, currency or credit risks arising from its financial instruments and the carrying amount of its financial instruments approximate their fair value.

(i) Government transfers:

Government transfers are recognized in the financial statements in the period in which the events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amounts can be made.

(j) Use of estimates:

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the period. Actual results could differ from those estimates. These estimates are reviewed annually and as adjustments become necessary, they are recognized in the financial statements in the period in which they become known.

2. Municipal position at the end of the year:

- (a) The balances on the "Consolidated Statement of Financial Position" of municipal position of \$11,401,090 (2007 - \$7,761,468), at the end of the year are comprised of the following:

	2008	2007
Fund balances at the end of the year, surplus (deficit):		
Current fund	\$ -	\$ -
Capital fund:		
Capital expenditures to be financed from taxation or user charges	(649,799)	(673,723)
Reserves	4,978,470	4,839,311
Reserve funds	8,316,906	4,818,095
	12,645,577	8,983,683
Amounts to be recovered from future revenues and reserve funds:		
Landfill closure and post-closure liabilities	(1,244,487)	(1,222,215)
	\$ 11,401,090	\$ 7,761,468

- (b) The balance available for the general increase in taxation at December 31, 2008 has been increased by an amount of \$7,187 (2007 reduction of \$(3,579)) transferred from the reserves and reserve funds as authorized by Council.

Had this reduction not been made, the current fund - general purpose balance would have shown a surplus of \$7,187 (2007 deficit of \$(3,579)).

3. Restricted assets:

Cash and long-term investments in the aggregate amount of \$8,948,837 (2007 - \$5,413,098) have been restricted to support reserve funds.

	\$ 65,001	\$ 168,627

5. Municipal debt:

- (a) The municipal debt reported on the "Consolidated Statement of Financial Position" is made up of the following:

	2008	2007
Total municipal debt incurred by the Township including those incurred on behalf of other municipalities and municipal enterprises and outstanding at the end of the year amount to	\$ 234,701	\$ 260,195
Of the long-term liabilities shown above, the responsibility for payment of principal and interest charges for tile drainage and shore-line property assistance loans has been assumed by individuals. At the end of the year, the outstanding principal amount of the liability is	(234,701)	(248,354)
Loans from reserve fund eliminated upon consolidation:		
Sewer Ward 3 – repayable in monthly instalments of \$1,128, interest at 4%, matures April 2008	–	(4,389)
Sewer Ward 4 – repayable in monthly instalments of \$1,915, interest at 4%, matures April 2008	–	(7,452)
Municipal debt at the end of the year	\$ –	\$ –

CORPORATION OF THE TOWNSHIP OF NORTH DUNDAS

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2008

5. Municipal debt (continued):

- (b) The long-term liabilities in (a), issued in the name of the Township, have been approved by either the Ontario Municipal Board or by by-law. The annual principal and interest payments required to service these liabilities are within the annual debt repayment limit prescribed by the Ministry of Municipal Affairs & Housing.
- (c) As issuer, the Township is contingently liable for payment of the long-term liabilities with respect to tile drainage and shore-line property assistance loans in the amount of \$234,701 (2007 - \$248,354), which are not reported on the "Consolidated Statement of Financial Position".
- (d) During the fiscal year ended December 31, 2002, the Township paid off long-term debt held by various banking institutions in the total amount of \$744,788 with respect to water and sewer capital projects. As a means of funding these repayments, the Operating Fund borrowed these amounts from the Infrastructure Reserve Fund. This interfund debt is secured by promissory notes and is to be repaid over a predetermined period of time. Council approved the financing arrangements and ultimate repayment of these amounts through the current budget process. For the purpose of these financial statements, this interfund debt is reflected as interfund transfers and therefore eliminated upon consolidation. The related capital projects are reported as unfinanced capital at December 31, 2008 in the amount of \$Nil (2007 - \$11,841) to be financed from taxation and user charges as the interfund debt is repaid.

6. Operations of school boards and the United Counties of Stormont, Dundas and Glengarry:

During 2008, requisitions were made by the school boards and the United Counties of Stormont, Dundas and Glengarry requesting the Township to collect property taxes and payments in lieu of property taxes on their behalf. The amounts collected and remitted are summarized below:

	School Boards		United Counties of Stormont, Dundas and Glengarry	
	2008	2007	2008	2007
Amounts requisitioned	\$ 3,569,412	\$ 3,554,816	\$ 5,726,613	\$ 5,568,331

7. Trust funds:

Trust funds administered by the Township amounting to \$5,680 (2007 - \$7,213) have not been included in the "Consolidated Statement of Financial Position" nor have their operations been included in the "Consolidated Statement of Financial Activities".

CORPORATION OF THE TOWNSHIP OF NORTH DUNDAS

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2008

8. Pension agreements:

The Township makes contributions to the Ontario Municipal Employees Retirement Fund (OMERS), which is a multi-employer plan, on behalf of 39 members of its staff. The plan is a defined benefit plan, which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay.

The amount contributed to OMERS for 2008 was \$121,332 (2007 - \$118,401) for current service and is included as an expenditure on the "Consolidated Statement of Financial Activities".

9. Budget figures:

The approved operating and capital budgets for 2008 are reflected on the "Consolidated Schedule of Current Fund Operations" and "Consolidated Schedule of Capital Fund Operations". These numbers have not been audited but are presented for information purposes only.

10. Commitments:

In 2002, the Township pledged a total of \$700,000 to the Winchester District Memorial Hospital to be paid by annual instalments of \$70,000 commencing in 2003 through to 2012.

11. Deferred revenue – obligatory reserve funds:

A requirement of the public sector accounting principles of the Canadian Institute of Chartered Accountants is that obligatory reserve funds be reported as deferred revenue. This requirement is in place as federal, provincial and municipal legislation restricts how these funds may be used. The balances in the obligatory reserve funds of the Township are summarized below:

	2008	2007
Balance, beginning of year	\$ 595,003	\$ 679,474
Development contributions	124,686	140,736
Investment income	21,993	30,348
Grants – Federal Gas Tax	178,940	143,162
Transfers to revenue fund (Development charges)	(4,194)	(7,752)
Transfer to capital fund	(284,497)	(390,965)
Balance, end of year	\$ 631,931	\$ 595,003
Analyzed as follows:		
Parkland	\$ 157,674	\$ 139,940
Development charges	439,877	377,020
Federal Gas Tax	34,380	78,043
	\$ 631,931	\$ 595,003

CORPORATION OF THE TOWNSHIP OF NORTH DUNDAS

Notes to Consolidated Financial Statements (continued)

12. Landfill closure and post-closure liabilities:

The Environmental Protection Act sets out the regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of solid waste landfill sites. This requirement is to be provided for over the estimated remaining life of the landfill site based on usage.

Landfill closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over a forty-five year period using the best information available to management. Future events may result in significant changes to the estimated total expenditures, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

Estimated total expenditures represent the sum of the discounted future cash flows for closure and post-closure care activities using an estimated inflation rate of 2% and discounted at the Township's average long-term borrowing rate of 6.0%. The estimated total landfill closure and post-closure care expenditures are calculated to be \$1,383,871. The estimated liability for these expenditures is recognized as the landfill site's capacity is used. Included on the "Consolidated Statement of Financial Position" at December 31, 2008 is an amount of \$1,244,487 (2007 - \$1,222,215) with respect to landfill closure and post-closure liabilities recognized to date.

The estimated remaining capacity of the Boyne landfill site is 24% of its total estimated capacity and its estimated remaining life is 11 years, after which the period for post-closure care is estimated to be 25 years.

In 2008, the Mountain landfill site has reached total capacity and will undergo closure costs in 2009, after which the period for post-closure care is estimated to be 25 years.

13. Workplace Safety and Insurance Board future benefit obligations:

In common with schedule 2 employers, the Township funds its obligations to the Workplace Safety and Insurance Board on a "pay-as-you-go" basis for employees. During the year, the Township was provided with an estimate for future benefit costs and administrative loading, as actuarially determined by the Workplace Safety and Insurance Board as at December 31, 2008, in the amount of \$Nil (2007 - \$ Nil).

Actuarial gains or losses arising from changes in the annual estimate are recognized immediately in the year that they arise.

14. Supplementary information:

	2008	2007
Current fund expenditure by object:		
Salaries, wages and employee benefits	\$ 2,771,477	\$ 2,685,732
Materials, services, rents and financial expenses	4,279,510	3,966,755
Transfers to others	202,791	171,473
Total	\$ 7,253,778	\$ 6,823,960

15. Contingent liabilities:

The nature of municipal activities is such that there may be litigation pending or in prospect at any time. With respect to claims as at December 31, 2008, management believes that the Township has valid defences and appropriate insurance coverage in place. In the opinion of management, the aggregate amount of any potential liability is not expected to have a material effect on the Township's financial position.

16. Tangible capital assets:

Commencing with the fiscal year beginning January 1, 2009, the Township will be adopting CICA Public Sector Accounting Handbook Section PS 3150, "Tangible Capital Assets". This section establishes standards on how to account for and report tangible capital assets in government financial statements. Tangible capital assets include such diverse items as roads, bridges, buildings, vehicles, equipment, land, water systems and other utility systems.

Effective January 1, 2007, the Township adopted Public Sector Guideline 7 (PSG-7) of the Public Sector Accounting Handbook of the Canadian Institute of Chartered Accountants with respect to the disclosure of tangible capital assets of local governments. PSG-7 provides transitional guidance on presenting information related to tangible capital assets by way of a note to the financial statements until Section 3150 – Tangible Capital Assets comes into effect on January 1, 2009.

As of December 31, 2008, the Township does not have adequate information to disclose any of the tangible capital assets by major category.

17. Fair value of financial assets and financial liabilities:

The carrying values of cash, taxes receivable, accounts receivable, notes receivable, long-term investments and accounts payable and other liabilities approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

18. Comparative figures:

Certain 2007 comparative figures have been reclassified to conform with the financial statement presentation adopted for the current year.

19. Consolidated schedule of segmented information:

The Township is a municipal government institution that provides a range of services to its citizens, including police, fire, transportation, recreational and environmental. For management reporting purposes the Township's operations and activities are organized and reported by department. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

Municipal services are provided by departments and their activities are reported in these funds. Certain departments that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

- (a) Administration: Includes administration, corporate services and governance of the Township. Administration as a segment includes human resource management, support to Council for policy development, by-law development in compliance with the Municipal Act, tax billing and collection responsibilities, financial management reporting, monitoring and overall budget status as well as frontline reception and customer service.
- (b) Protection Services: Includes policing, fire protection, conservation authority, protective inspection and control and emergency measures. The mandate of the police contract is to ensure the safety of the lives and property of citizens; preserve peace and good order; prevent crimes from occurring; detect offenders; and enforce the law. Fire protection includes inspection, extinguishing and suppression services; emergency medical first response; and prevention education and training programs. Inspection and control includes building inspection, by-law enforcement and dog control services.
- (c) Transportation Services: This department provides the winter and summer maintenance, the repair and the construction of the municipal roads system including bridges and culverts.
- (d) Environmental Services: Includes the management and maintenance of water treatment and distribution as well as the wastewater plant and sanitary sewer services.

19. Segmented information (continued):

- (e) Cemeteries: Includes the management and maintenance of municipal cemeteries.
- (f) Parks, Recreation and Culture: Provides services that contribute to neighbourhood development and sustainability through the provision of recreation and leisure programs and facilities including community halls, libraries, parks, recreation fields and the arena.
- (g) Planning and Development: Manages development for business interests, environmental concerns, heritage matters, local neighbourhoods and community development. It facilitates economic development by providing services for the approval of all land development plans, the application and enforcement of the zoning by-law and official plan, and the provision of geomatics services.

For each segment separately reported, the segment revenue and expenditures represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information. These municipal services are funded primarily by property tax revenue. Taxation and payments-in-lieu of taxes are apportioned to these services based on the net surplus. Certain government transfers, transfer from other funds, and other revenue have been apportioned based on a percentage of budgeted expenses.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in note 1.

AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of the
Corporation of the Township of North Dundas

We have audited the statement of financial position of the trust funds of the Corporation of the Township of North Dundas as at December 31, 2008 and the statement of continuity of the trust funds for the year then ended. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the trust funds of the Township of North Dundas as at December 31, 2008 and the continuity of the trust funds for the year then ended in accordance with Canadian generally accepted accounting principles.

Notes to Financial Statements

Year ended December 31, 2008

1. Accounting policies:

Basis of accounting:

Sources of financing and expenditures are reported on the accrual basis of accounting.

2. Ontario Home Renewal Program:

The Ontario Home Renewal Program was established by the Ontario Ministry of Housing in 1973 to provide grants for municipalities to make loans to assist owner occupants to repair, rehabilitate and improve their homes to local property standards. Individual loans are limited to \$7,500 of which the maximum forgivable portion is \$4,000.

Ontario Home Renewal Program loans receivable at December 31, 2008 are comprised of repayable loans of \$5,680 (2007 - \$7,213) and forgivable loans of \$Nil (2007 - \$Nil). Loan forgiveness is earned and recorded at a rate of up to \$600 per year of continued ownership and occupancy. In the event of the sale or lease of the home or in the event of the homeowner ceasing to occupy the home, the balances of the repayable loan and the unearned forgivable loan immediately become due and payable by the homeowner.
