

Notice of Commencement Environmental Assessment of the Township of North Dundas Waste Management Plan

The Township of North Dundas (Township) is beginning an environmental assessment (EA) for the Township's Waste Management Plan under the *Environmental Assessment Act*.

What is Being Proposed?

The proposed EA Study is the EA of the Township's waste management plan for management of waste for a 25-year planning period. The Township is seeking to accommodate management of waste corresponding to the consumption of approximately 400,000 m³ of waste landfill disposal (amount to be confirmed during the EA Study) from 2022 to 2047, as its existing Boyne Road Landfill is currently at capacity. The EA Study will evaluate long-term solid waste management options to achieve this objective. Waste diversion can influence the amount of waste requiring disposal over the planning period; waste diversion is proposed as an alternative to be considered, including completion of a diversion study concurrently with the EA. The EA Study will include the area identified as the Township as shown using the black dotted line on the map below.

The Process

On July 1, 2020, the Minister of the Environment, Conservation and Parks (MECP) approved the amended terms of reference (ToR) for the proposed EA of the Township's Waste Management Plan. A copy of the approved amended terms of reference is available at: <http://northdundas.com/town-hall/landfill-recycling/environmental-assessments/landfill/ea/>

The approved amended ToR is also available at the following locations during normal business hours:

Township Office
636 St. Lawrence Street
Winchester, ON
(613) 774-2105

Winchester Public Library
547 St. Lawrence St N., 2nd Floor
Winchester, ON
(613) 774-2612

Counties of Stormont, Dundas
and Glengarry Office
26 Pitt Street
Cornwall, ON
(613) 932-1515

This study will be carried out in accordance with the approved amended ToR and the requirements of the EA Act. Results from this study will be documented in an EA, which will be submitted to the MECP for review. At that time, the public, Indigenous communities, and other interested persons will be informed when and where the EA can be reviewed.

Consultation

Members of the public, agencies, Indigenous communities, and other interested persons are encouraged to actively participate in the planning process by attending consultation opportunities or contacting staff directly with information, comments, or questions. Consultation opportunities are planned throughout the planning process and will be advertised in the local Chesterville Record and through the Township's website at <http://northdundas.com/town-hall/landfill-recycling/environmental-assessments/landfilllea/>.
