1. Please provide any general comments regarding this Environmental Assessment Process.

2. Three 'Alternative Methods' of landfill expansion were developed and are described within Technical Bulletin #3. Do you agree with or have any comments on the 'Alternative Methods'?

3. Various components of the environment have been used to assess potential effects of the 'Alternative Methods' considered for the landfill expansion. The following table lists proposed natural, social, economic / financial and technical components of the environment being considered for this EA.

Please tell us how these rank in importance to you. Is there any aspect we may have missed?

Components to Assess and Compare 'Alternative Methods':

Environmental Component	Sub-Component	Importance		
		Very Important	Important	Less Important
Atmosphere	Air Quality /Odour/Greenhouse Gas			
	Noise			
Geology and Hydrogeology	Groundwater Quality			
Surface Water	Surface Water Quality			
	Surface Water Quantity			
Biology	Aquatic Ecosystems			
	Terrestrial Ecosystems			
Agriculture	-			
Cultural Heritage	Archaeology			
	Cultural Heritage Landscapes			
	Built Heritage Resources			
Land Use	Current and Planned Future Land Uses			
Socio-economic	Local Economy			
	Residents and Community			
	Visual			
Transportation	Traffic			
Design and Operations	Financial			

4. Do you agree with the preliminary identification of the preferred 'Alternative Method' for this waste management plan as Alternative 3, primarily horizontal expansion on the south side of the existing footprint? If not, why not?

All personal information included in a submission – such as name, address, email, and telephone number – is collected, maintained and disclosed by the Ministry of the Environment, Conservation and Parks for the purpose of transparency and consultation. The information is collected under the authority of the *Environmental Assessment Act* or is collected and maintained for the purpose of creating a record that is available to the general public as described in s.37 of the *Freedom of Information and Protection of Privacy Act*. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the Project Officer at 437-244-9402 or the Ministry of the Environment Conservation and Park's Freedom of Information and Privacy Coordinator at 416-819-5148.

Veillez noter qu'il vous est possible de nous communiquer vos commentaires ou vos questions sur le projet en français en les adressant à Yannick Marcerou au 613-592-9600 ext. 3318 ou par courriel à yannick_marcerou@golder.com.

You can provide your comments on the Environmental Assessment Technical Bulletin #3 or any questions you may have about this project by email, mail or fax to:
