June 9, 2021

A Public Meeting of Council, under Section 34 of the *Planning Act, R.S.O. 1990*, as amended was held to consider a proposed zoning amendment to the former Township of Winchester Zoning By-law No. 12-93. The meeting was held virtually and broadcast on the Township's You-Tube channel. An invitation to attend and participate virtually was offered to the public.

Roll Call:

Mayor Fraser	Present
Deputy Mayor Armstrong	Present
Councillor Annable	Present

Councillor Thompson	Present

Township of North Dundas Staff present included CAO, Angela Rutley; Township Planner, Calvin Pol, Deputy Clerk Nancy Johnston and Clerk, Jo-Anne McCaslin who recorded the minutes. The Applicants, Willyan and Andia DeJong, representing Johndin Farms, attended virtually.

Chairperson Fraser called for a motion to open the public meeting.

**Moved by Deputy Mayor Armstrong and seconded by Councillor Thompson that the Public Meeting of the Council of the Corporation of the Township of North Dundas to consider a Zoning By-law Amendment be hereby called to order at 6:30 pm (Applicant Johndin Farms Inc /Willyan DeJong.)
CARRIED.**

The Chairperson confirmed that in accordance with Section 34 of the Planning Act and Ontario Regulation 545/06, Public Notices were mailed out, emailed and a sign posted on May 18, 2021.

The Chairperson declared the meeting properly constituted as per the requirements of the *Planning Act* and called the meeting to order.

A detailed planning report and draft by-law prepared by Township Planner; Calvin Pol was previously circulated to Council and posted on the Township Website. The Chairperson then turned the meeting over to Mr. Pol who then made a power point presentation outlining the proposed amendment.

It was pointed out by the Planner that if a person or public body does not make oral submissions at this public meeting or make written submissions to North Dundas Township before the by-law is passed, the person or public body may not be entitled to appeal the decision of the Council of North Dundas to the Ontario Land Tribunal.

Planner Calvin Pol explained the **Johndin Farms Inc./Willyan DeJong Amendment**

The Township of North Dundas has received a site-specific-application zoning amendment application to amend the former Township of Winchester Zoning By-law No. 12-93 to rezone a portion of a property to allow a farm machinery repair, services and welding facility, in addition to the permitted uses of the Agricultural (AG) Zone.

The lands affected by this amendment are described as part of Parts of 20 and 21, Concession 2, former Township of Winchester, now the Township of North Dundas.

The applicant has applied to rezone a ~0.5-acre portion of the existing agricultural property fronting on County Road 43, known as 13640 County Rd 43, from the Agricultural (AG) zone to an Agricultural Exception Zone, to permit the use of existing buildings for a farm equipment repair and welding shop. The remainder of the property will remain Agricultural (AG) zoned. The applicant does not intend to construct any new buildings and will use existing farm buildings for the machine shop.

If the proposed by-law amendment is adopted, part of the subject land will be rezoned to Agricultural – Special Exception Forty-One (AG 41) to allow a farm machinery repair service and welding facility.

The property/land to which the proposed Zoning By-law amendment applies is not the subject of another application under the *Planning Act*.

In closing, Mr. Pol commented the proposed Zoning By-law Amendment constitutes good planning and is consistent with the 2020 Provincial Policy Statement and the County Official Plan.

Comments received under Section 34(15) of the Planning Act:

Ministries & Public Bodies:

No comments have been received to date.

Public Meeting Comments:

The Chairperson asked Members of Council and the Applicant if they had any questions or concerns and then opened the Public Meeting to questions and comments from the public.

There were no questions from the Applicant or members of the public.

Deputy Mayor Armstrong concurred with Mr. Pol's recommendation to support this application.

Chairperson Fraser stated the by-law would be considered during the regular meeting of Council.

**Moved by Councillor Hoy and seconded by Councillor Annable that the Public Meeting of the Council of the Corporation of the Township Dundas to consider a Zoning By-law Amendment be hereby adjourned at 6:42 pm. (Johndin Farms Inc/ Willyan DeJong.)

ACTION REQUEST – Planning Building and Enforcement	
To:	Mayor and Members of Council
Date of Meeting:	June 22, 2021
Subject:	Accept Zoning Amendment Application from Dario Laliberte

RECOMMENDATION:

THAT Council hereby accepts the zoning amendment application from Dario Laliberte as complete and directs that the public meeting be held on July 13th, 2021 at 6:30 pm.

BACKGROUND:

The Township of North Dundas received a site-specific Zoning By-law Amendment application from Dario Laliberte, to amend the former Village of Chesterville Zoning By-law No. 04-95 to rezone a parcel at 49 John Street, Chesterville from General Commercial (CG) to Residential Second Density (R2)

The property to which this application applies is described as Part of Lot 122, Block I on Plan 35, Part 1 on Registered Plan 8R-4197, former Village of

Chesterville, now the Township of North Dundas, known as 49 John Street, Chesterville. The applicant has received a demolition permit to start to demolish the building on the property in preparation for future development.

The purpose of this application is to rezone the commercial property to Residential Second Density (R2), to permit the construction of townhouse dwellings. The applicant has supplied the following draft site plan:

OPTIONS AND DISCUSSION:

1. **Adopt the Resolution as Presented** – recommended.
2. **Do Nothing** – not recommended. The proponent can take the amendment to the Ontario Land Tribunal (OLT) for Council’s failure to proceed (applicant must wait 150 days – Section 34(11) of the Planning Act).
3. **Refuse the Request** – not recommended. The proponent can take the amendment to the Ontario Land Tribunal immediately.

FINANCIAL ANALYSIS:

None at this time, increased tax assessment in the future once development is complete.

ACTION REQUEST – CAO	
To:	Mayor and Members of Council
Date of Meeting:	June 22, 2021
Subject:	Pandemic Staff Accommodation Policy

RECOMMENDATION:

THAT Council approves policy #88-2020, a COVID-19 Staff Accommodation Policy, as amended to extend the effective date from June 30th to September 30th, 2021.

BACKGROUND:

On December 15th, 2020, Council approved Policy #88-2020. This policy provides a maximum of five paid days of COVID-19 related leave from the workplace to cover all instances where the employee is unable to attend at the workplace, whether voluntary or involuntary related to COVID-19.

The existing policy effective date is from January 2 – June 30, 2021. Currently, many of our employees have received at least one dose of vaccine, but there has not been an opportunity for everyone to receive their second dose yet to achieve full vaccination. The estimates from the Eastern Ontario Health Unit indicate that second doses for those wishing to be vaccinated should be completed by the end of the summer. Therefore, the threat of illness and absence due to COVID is still present at this time and I would like to extend the policy effective date to September 30th, when second doses should be completed.

I have also added clarification that time required to receive a COVID vaccine is eligible under the policy. The original limit of five (5) days is not changed.

OPTIONS AND DISCUSSION:

- 1. Approve the amended policy** - recommended. This will continue to provide paid days to employees to help keep them from coming to the workplace when they have symptoms or potential exposure to positive cases. It will further provide time for employees to receive their vaccinations to help prevent them contracting COVID-19 or from becoming seriously ill.

- 2. Do not approve the amended policy** - not recommended. If employees show up at work with symptoms, or when they should be in quarantine, this puts their co-workers at risk. Employees who must be absent from work due to COVID-19, may experience significant time off without pay.

FINANCIAL ANALYSIS:

Wages and salaries are budgeted, so this policy does not create additional expense, unless a part-time employee is called in to fill in for an absence. Fortunately, there has been minimal use of COVID time to date. When it is used, it usually results in a loss of productivity, not an additional cost.

POLICY MANUAL	Policy #88-2020
Township of North Dundas	Effective Dates: January 2 – September 30, 2021
Subject: COVID-19 Pandemic Staff Accommodation Policy	Revised: February 9, 2021 June 22, 2021

PURPOSE

This Policy/Procedure is without prejudice or precedent and reflects current knowledge and available information. This Policy shall be in force and effect from the date of passage until **September 30th, 2021**. A review shall occur prior to the end of the effective term to determine if additional accommodation needs to be made for any further portion of 2021. Such determination shall be made by Council.

This policy outlines additional entitlements for staff of the Township to accommodate instances where absences are required from work due to Covid-19.

SCOPE

This Policy applies to all **regular full-time staff and employees under contract to work a minimum of 35 hours per week** with the Township who have not been offered arrangements to work remotely. It is intended to supplement, not replace, the Township's policy related to sick leave.

PROCEDURE

For the effective term of the policy, eligible Township staff shall be provided a maximum of five (5) paid days of COVID-19 related leave from the workplace. This leave shall cover **all instances** where the employee is unable to attend at the workplace, whether voluntarily or involuntarily, **as approved by the Department Head and CAO**. Without limiting the generality of the foregoing, COVID-19 related absences from work shall include:

- Experiencing illness/symptoms of COVID-19 themselves;
- Exposure/possible exposure to an individual having or suspected of having COVID-19;
- Caring for/cohabitating with any individual having/suspected of having COVID-19; whether a family member or not;
- Required self-isolation;
- **Receiving a COVID vaccination**
- Any other circumstance determined by the Township in its sole discretion.

When the employee has exhausted their five (5) days of COVID-19 related leave, regular sick leave entitlements and processes shall apply.

The eligibility for this leave ends on the day that the employee's, or the potential exposure's, negative COVID-19 test result is reported by the testing agency.

Staff absent from work due to any COVID-related matter **may** be offered arrangements to work remotely, if their job can be performed remotely and the arrangement is approved by the Department Head and the Chief Administrative Officer. If remote work is offered and refused, the employee is not entitled to paid leave under this policy, but may use other applicable entitlements.

Any staff member who leaves Canada **for any reason whatsoever** is **required to quarantine** in accordance with current Government of Canada guidelines. Such employees are not eligible to use sick leave or the five (5) additional COVID-19 days outlined in this Policy however may use other available entitlements such as vacation/banked time, or an unpaid leave of absence. The article above is also applicable in this circumstance.

Unused entitlements under this Policy are not eligible for pay-out at the end of the year or carry over into the next year.

For absences covered under this Policy, employees are required to report the absence in the usual fashion. Notwithstanding, the Township maintains the right to require any employee to submit a medical certificate where COVID-19 leave is claimed.

Any matters disputed under this Policy shall be referred to the Chief Administrative Officer, whose determination in the matter shall be final.

ACTION REQUEST – Planning Building and Enforcement	
To:	Mayor and Members of Council
Date of Meeting:	June 22, 2021
Subject:	By-law No 2021-43 Country Lane Zoning By-law Amendment

RECOMMENDATION:

THAT By-law No. 2021-43, being a By-law to amend the former Township of Mountain Zoning By-law No. 79-6, as amended, be read and passed in Open Council, signed and sealed this 22nd day of June, 2021.

BACKGROUND:

The purpose of the application is to rezone two blocks from Rural (RU) to Estate Residential – Exception Three (ER-3) to permit the development of the lands for single detached dwelling units in accordance with the approved plan of subdivision (Phase 5).

The applicant has applied to rezone two blocks located on either side of Country Lane in Harmony. These two parcels are currently blocks within a plan of subdivision. The applicant wishes to continue with the final phase of the development and construct single detached dwelling units, similar to what they have already built in the area. The proposed rezoning will match the zoning of the rest of Country Lane and allow the builder, Falcon Homes, to complete the subdivision in an aesthetically consistent manner.

OPTIONS AND DISCUSSION:

1. **Adopt the Resolution as Presented** – recommended.
2. **Do Nothing** – not recommended. The proponent can take the amendment to the Ontario Land Tribunal (OLT) for Council's failure to proceed (applicant must wait 150 days – Section 34(11) of the Planning Act).
3. **Refuse the Request** – not recommended. The proponent can take the amendment to the Ontario Land Tribunal immediately.

Zoning By-law Amendment

RE:	Falcon Home Construction Inc. / Marc Brisson Zoning By-law Amendment
Meeting Date:	June 22, 2021
Current Zoning:	Rural (RU)
Proposed Zoning:	Estate Residential – Exception Three (ER-3)
Official Plan:	Rural Settlement Area
Subject Area:	20,829.46m ² and 21,776.92m ²
Existing Use:	Vacant
Proposed Use:	Rural residential subdivision

1. Purpose and Effect

The Township of North Dundas received a site-specific zoning amendment application for a small part of the property legally described as Blocks 22 and 23, on Plan 8M-10, Geographic Township of Mountain, now the Township of North Dundas. The purpose is to rezone the two blocks from Rural (RU) to Estate Residential – Exception Three (ER-3). If approved, the effect would be that the parcels can be developed in accordance with the plan of subdivision and that the zoning will be consistent with the rest of Country Lane.

2. Background

The subject property is located in the southern portion of Harmony on the corner of Country Lane and Armstrong Road. Mr. Brisson has applied to amend the former Township of Mountain Zoning By-law No. 79-6, on behalf of Falcon Home Construction Inc.

to rezone the parcels from Rural (RU) to Estate Residential – Exception Three (ER-3) to facilitate the development of the parcels in accordance with the plan of subdivision. The County Official Plan designation is Rural Settlement Area, which allows for rural subdivisions and low-density residential development.

3. Policy Direction

3.1 Provincial Policy Statement

Ontario has a set of Provincial Policy Statements (2020), of which the Council must have regard for the following relevant excerpts:

- 1.1.3.2 *Land use patterns within settlement areas shall be based on densities and a mix of land uses which:*
- a) efficiently use land and resources;*
 - b) are appropriate for, and efficiently use, the infrastructure and public service facilities which are planned or available, and avoid the need for their unjustified and/or uneconomical expansion;*
 - c) minimize negative impacts to air quality and climate change, and promote energy efficiency;*
 - d) prepare for the impacts of a changing climate;*
 - e) support active transportation;*
 - f) are transit-supportive, where transit is planned, exists or may be developed; and*
 - g) are freight-supportive.*

3.2 Official Plan – United Counties of Stormont, Dundas and Glengarry

The lands subject to this amendment are designated as Agricultural Resource Lands. Table 3.5 of the Official Plan outlines the permitted uses in each designation:

*Table 3.5 Rural Settlement Area (Residential)
- Low and medium density housing in keeping with the character and scale of the Area*

3.5.1.1 Adequate Lot Size

The lot size shall be adequate for all existing, proposed, or potential future land uses including the expansion of buildings and structures above and below ground and any associated private water and sewer services. The lot shall meet all requirements for setbacks, including setbacks from natural hazards such as flood plains, parking and loading facilities, storage and display areas, signs, lighting, landscaping, buffering or screening, infrastructure and safe access and egress, where these requirements apply. Where appropriate, the approval authority shall require studies (e.g.

servicing options report, geotechnical study, flood plain survey, or hydrogeological study and terrain analysis) to support the proposed lot size and ensure that there will be no negative impacts on groundwater quality and quantity (e.g. in areas subject to the Clean Water Act), and that development will be directed away from natural hazards.

3.3 Zoning By-law 12-93

The lands subject to this zoning amendment are on the south portion of Country Lane. The north portion of Country Lane is a subdivision constructed by Maurice Lafortune Investments and Falcon Home Construction Inc., which is also zoned ER-3 as follows.

3) Estate Residential - Exception Three (ER-3) By-law 27-2013
Notwithstanding any provision of subsections 5.2 a) and 5.2 b) hereof to the contrary, the lands zoned "ER-3":

a) *Permitted Uses*

- *Single family dwelling*
- *Public park*
- *Home Occupation*

b) *Zone Requirements*

- Lot Area (minimum) 3800 square metres (0.94 acres)*
- Lot Frontage (minimum) 30 metres (98 ft)*
- Lot Coverage (maximum) 20%*
- Building Height (maximum) 10.5 metres (34.4 ft)*

Yard Requirements (minimum)

- Front 15.25 metres (50 ft)*
- Rear 22.5 metres (73.8 ft)*
- Side 1.8 m (6 ft) on one side and 3.7m (12 ft) on the other side.*
- Floor Area (minimum)(gross) 130 square metres (1,400 sq ft)*

(c) *Despite subsection a) the minimum Lot area for Lot 1 shall be 2 960 m² (0.73 ac).*

Rezoning the remaining portion of Country Lane to ER-3 will ensure that the future lot development will match the character, density and overall design of the existing area and ensure a seamless transition between phases of development.

4. Analysis

The proposed residential development will extend the subdivision currently on Country Lane towards the corner of Armstrong Lane. The two parcels subject to this zoning amendment are on either side of Country Lane and are currently zoned Rural (RU). The applicant and builder of the subdivision, Falcon Home Construction Inc., has applied to rezone the parcels to Estate

Residential – Exception Three (ER-3) to match the zoning of the rest of the Country Lane subdivision.

The 2020 Provincial Policy Statement and the County Official Plan support the use of rural settlement areas for a variety of residential uses. The proposed subdivision will be similar to the overall layout and style of the existing subdivision ensuring a seamless form and density of development for that section of Harmony.

The subject blocks will be subdivided using Part Lot Control in accordance with the Planning Act, so each individual residential lot can be sold separately. The zone requirements of the ER-3 zone will ensure adequate setbacks, as well as appropriate lot area for the well and septic tanks.

5. Comments

No comments have been received to date.

6. Recommendation

The proposed Zoning Amendment constitutes good planning and is consistent with the Provincial Policy Statement and the Official Plan; therefore, Council should approve the rezoning. Secondly, that Council consider comments from the public, public bodies and adjacent neighbours during the public meeting before rendering a decision on the proposed amendment.

ACTION REQUEST – Planning Building and Enforcement	
To:	Mayor and Members of Council
Date of Meeting:	June 22, 2021
Subject:	By-law 2021-44 Martin Reichert Zoning By-law Amendment

RECOMMENDATION:

THAT By-law No. 2021-44, being a By-law to amend the former Township of Winchester Zoning By-law No. 12-93, as amended, be read and passed in Open Council, signed and sealed this 22nd day of June, 2021.

BACKGROUND:

The purpose of the application is to rezone the property from Institutional to Light Industrial – Exception One (ML-1) to permit a custom workshop, specifically for woodworking and garlic drying.

The applicant has applied to rezone the property to permit the use of the existing building as a custom workshop for woodworking and garlic drying. The existing building on the lot is a former religious institution and the parcel abuts the applicant’s home. The site-specific exception being requested will only permit the proposed uses and any other uses allowed under the Light Industrial (ML) zone will require a subsequent zoning amendment. A detailed planning report is

attached with the draft Zoning By-law Amendment.

OPTIONS AND DISCUSSION:

1. **Adopt the Resolution as Presented** – recommended.
2. **Do Nothing** – not recommended. The proponent can take the amendment to the Ontario Land Tribunal (OLT) for Council’s failure to proceed (applicant must wait 150 days – Section 34(11) of the Planning Act).
3. **Refuse the Request** – not recommended. The proponent can take the amendment to the Ontario Land Tribunal immediately.

Planning Report Zoning By-law Amendment

RE: Martin Reichert - Zoning By-law Amendment

Meeting Date: June 22, 2021

Current Zoning: Institutional (I)

Proposed Zoning: Light Industrial – Exception One (ML-1)

Official Plan: Rural Settlement Area

Subject Area: 0.07 acres

Existing Use: Previously used as a religious institution

Proposed Use: Woodworking shop and garlic drying

1. Purpose and Effect

The Township of North Dundas received a site-specific zoning amendment application for a small part of the property legally described as Part of Lot 18, Concession 11, Part 1 on Reference Plan 8R-4740, former Township of Winchester, now the Township of North Dundas. The purpose is to rezone the property from Institutional (I) to Light Industrial – Exception One (ML-1). If approved, the effect would be that the property may be used as a custom workshop, specifically for woodworking and garlic drying.

2. Background

The subject property is located in Morewood, in a primarily residential area. The Owner of the property and applicant for the proposed rezoning, wishes to use the property as a workshop for woodworking and garlic drying. The applicant lives in a home located on an adjacent lot directly east of the subject land. The proposed two uses on the subject property are not anticipated to have a negative effect on the surrounding area. A custom woodworking of this scale would likely be considered a 'home occupation' were it located on the same lot as a dwelling, the zoning exception will also prevent any other industrial uses from occupying the property without a subsequent zoning amendment.

3. Policy Direction

3.1 Provincial Policy Statement

Ontario has a set of Provincial Policy Statements (2020), of which the Council must have regard for the following relevant excerpts:

- 1.1.3.2 *Land use patterns within settlement areas shall be based on densities and a mix of land uses which:*
- a) *efficiently use land and resources;*
 - b) *are appropriate for, and efficiently use, the infrastructure and public service facilities which are planned or available, and avoid the need for their unjustified and/or uneconomical expansion;*

- c) minimize negative impacts to air quality and climate change, and promote energy efficiency;
- d) prepare for the impacts of a changing climate;
- e) support active transportation;
- f) are transit-supportive, where transit is planned, exists or may be developed; and
- g) are freight-supportive.

3.2 Official Plan – United Counties of Stormont, Dundas and Glengarry

The lands subject to this amendment are designated as Agricultural Resource Lands. Table 3.5 of the Official Plan outlines the permitted uses in each designation:

Table 3.5 Rural Settlement Area (Industrial)

- Low and medium density housing in keeping with the character and scale of the Area
- Class I and II industrial uses which are deemed suitable by the local municipality.

3.5.2.4 Industrial Areas

Locations shall be avoided which create land use conflicts or where the industry has potential to pollute groundwater or surface water resources (e.g. wellhead protection areas or intake protection zones).

The proposed amendment will permit the use of the existing building on the lot (formerly a church) to be used for a woodworking and garlic drying shop. This industrial use is not anticipated to have a significant effect on the surrounding area due to the nature of the work being conducted.

3.3 Zoning By-law 12-93

The lands subject to this zoning amendment are located in a primarily residential area, the only existing industrial use in Morewood is Guildcrest Homes, located northwest of the subject land. The applicant of this zoning amendment intends to use the property as a workshop for his woodworking, which is not the applicant’s primary source of income and so the operational hours of the facility will be limited. While the proposed use is not anticipated to have any noticeable effect on the area, staff have suggested using a Light Industrial exception zone to limit the permitted uses. This will mean a zoning amendment will be required in the future should

anyone buy the property and wish to use it for anything other than a custom workshop.

1) Light Industrial – Exception One (ML-1)

Notwithstanding the provisions of Section 7.1 to the contrary, on lands zoned ML-1, only the following uses are permitted:

- Custom Workshop
- Uses accessory to the foregoing

4. Analysis

The Township received an application to rezone a former church in Morewood to a Light Industrial exception zone to allow a woodworking shop and garlic drying. The parcel subject to this amendment is located on Mill Street in Morewood in a low-density residential area and is near the Guildcrest Homes site. The applicant wishes to use the existing building for a woodworking shop. This is not the

applicant's sole source of income and will instead be comparable to a hobby shop. He has been operating the workshop in the building, and is now seeking to formally recognize the use.

The 2020 Provincial Policy Statement and the County Official Plan support the use of lands in rural settlement areas for

a variety of light industrial uses. Despite the Light Industrial zoning proposed by this amendment, the proposed use is not anticipated to have a significant impact on the existing area. The applicant owns and lives in a home that abuts the subject land. If these two parcels merged, the proposed use would likely be considered a home occupation and a zoning amendment would not be required.

The text of the proposed zoning amendment will limit the use of the property to a custom workshop and accessory uses. This means that any future buyers of the property will need to apply for a zoning amendment if they wish to use the property for any other permitted use in the Light Industrial zone.

5. Comments

No comments have been received to date.

6. Recommendation

The proposed Zoning Amendment constitutes good planning and is consistent with the 2020 Provincial Policy Statement and the Official Plan, therefore Council should approve the rezoning. Secondly, that Council consider comments from the public, public bodies and adjacent neighbours during the public meeting before rendering a decision on the proposed amendment.

Re: Resolution of Support for the Creation of a Three-Digit (9-8-8) National Suicide Hotline

Dear Mayor Fraser,

Thank you to your entire Council and staff for your continued leadership during these challenging times. While I am looking forward to being able to join you at the Council table in person at some point soon, I am writing today to ask for your support for a new federal initiative that would help Canadians better access mental health supports.

Given the vast implications of COVID-19, many Canadians have suffered with mental health issues and their general well being. With continued social isolation and heightened anxiety, rates of alcohol and drug abuse have increased significantly. Current reports have further shown rising levels of domestic violence and suicide ideation.

My Conservative colleague Todd Doherty (Cariboo-Prince George) has tabled a Private Members Bill C-294, to create a three-digit number, 9-8-8, as a national suicide prevention hotline. Back in December 2020, the idea received the unanimous support of Parliament and I am proud to be a seconder of this bipartisan legislation.

With this easy to remember hotline, Canadians from across the country would receive immediate help in times of crises. Rather than using the current 10-digit number that adds unnecessary barriers, this simple to use 9-8-8 suicide hotline may save the lives of many vulnerable Canadians.

I believe we can all agree that we need to invest more funding directly into front line mental health services. While we have made progress as a country by reducing stigmas associated with coping with mental health challenges, there continues to be too many barriers to accessing quick, affordable treatment services in every part of Canada. This 9-8-8 hotline can be one more vital tool available for Canadians that provides an easy-to-remember, free, and instant service to help them in a time of need.

I have attached a draft motion for your Council's consideration. I would encourage Council to consider supporting this motion that would strengthen our national efforts in helping Canadians receive the help that they need.

If your Council is supportive of this initiative, we ask that your Clerk please send resolutions of support to my Legislative Intern Rachel Loif at Rachel.Loif.502@parl.gc.ca. We will share your resolution with both MP Doherty's office and the respective Cabinet Ministers involved with the file.

Sincerely,

Eric Duncan, MP
Stormont-Dundas-South Glengarry
