

NOTICE OF WINTER PARKING PROHIBITION

Dear Residents,

Please be advised that **on-street parking on Morewood Mill Street, Morewood will be prohibited at all times (24 hours per day) effective February 4 through April 1, 2026.**

Morewood Mill Street is a narrow roadway (33ft wide), and parked vehicles prevent the safe passage of school buses, snow plow and winter maintenance equipment, and emergency service vehicles, including fire apparatus. This restriction is necessary to ensure the roadway remains accessible and that the safety of residents, motorists, and pedestrians is maintained throughout the winter season.

Pursuant to Section 5.1 of Parking By-law No. 25-2001, a Municipal Law Enforcement Officer may declare parking prohibitions under special circumstances. This notice serves as that declaration.

Vehicles parked on the roadway may be subject to penalty notices (fines). Repeat offenders may be towed without notice.

Additionally, property owners must remove any materials, equipment, or other items encroaching into the township road allowance effective, immediately.

Thank you for your cooperation.

Sincerely,

Supervisor of Bylaw Services
Township of North Dundas
